

Peter Vazquez: Standing alongside independent voters, *not* with party politicians...

*This Pledge to the People was outlined and distributed to all statewide candidates by a New Yorker who was simply tired of the broken promises and lawlessness of our elected officials.

Signed Pledge to the People of New York

I, Peter Vazquez, solemnly swear that when elected I will fully represent the people of New York and will remain loyal to correcting all LAWLESS government actions.

I will not vote for bloated budgets, crony capitalism, gimmicks or unnecessary government initiatives.

I will not vote on any legislation I have not read, has not been debated or has been brought up for vote by way of "Message of Necessity".

1. I will introduce support and sponsor legislation to restore our right of referendum.
2. I will introduce support and sponsor legislation for term limits.
3. I will introduce support and sponsor legislation to outlaw political donations used for criminal legal defense.

I will use ALL legislative "tools" available to:

- Support any and ALL efforts of the Moreland Commission to prosecute corruption
- Create Manufacturing Jobs without special tax breaks or grants.
- Pass **FULL Repeal of the SAFE Act**
- End Crony Capitalism. No more freebees for political special interests.
- Lower Taxes for Everyone
- Restore Local Decisions on Education
- Protect the 2nd Amendment
- Repeal Tax-Free Zones & Special Tax Break Schemes
- Repeal NYS Common Core Education

I am running solely in civic duty to our state's citizens. I will uphold my oath of office.

To this pledge I set my hand without any reservation whatsoever
